

A Time Saving Chromebook Service For School Districts

ITsavvy's White Glove Service for Chromebooks saves your IT Departments valuable time. ITsavvy will prepare Chromebooks for immediate use upon arrival. ITsavvy will unbox and enroll the devices, create and attach asset tags, and ship devices in a bulk package. During this process we eliminate devices that don't work. **Buy all your Chromebooks and devices from ITsavvy and receive devices that are ready to use right out of the box.**

Comprehensive Service Delivers Maximum Value

Deploying devices can be challenging and time consuming even with extensive planning and human resources. ITsavvy's ChromeCare White Glove Service reduces the burden on school district personnel and expedites the rollout schedule. ITsavvy's ChromeCare White Glove Services consists of a suite of services listed below. These services below are available on devices purchased from ITsavvy that will allow your school district to accelerate rollout schedules:

- ✓ Enrollment in your Google domain
- ✓ Updating the device to the latest version of Chrome OS
- ✓ Applying and recording asset tags with generic or district supplied tags
- ✓ Inventory spreadsheet for import into the school district's Google domain - this report contains the serial numbers and asset tags of the devices
- ✓ Re-boxing for safe transportation and shipped to your selected location(s)
- ✓ Unboxing services on large scale rollouts to aid your IT staff (select markets)
- ✓ Our green packaging will cut down on unboxing time for the district and uses less than half of the original packaging
- ✓ Additional services such as Cart Wiring are available

In summary, ITsavvy's White Glove Service is a low cost Chromebook service that delivers time saving value for school districts.

A Complete Chromebook Solution

ITSavvy has the expertise to help school districts choose the best device for their students, and prepare Chromebooks for immediate use upon arrival. ITSavvy is passionate about providing a complete Chromebook solution that delivers maximum value for school districts and students.

ITSavvy provides unbiased analysis, real time market data, peer contacts and hands on experience for school districts in the device evaluation process. We will even deploy demo units to school districts to test. ITSavvy is an authorized sales and service provider for all Tier 1 Chromebooks and Windows devices as well as the Google Management Console.

In summary, ITSavvy has extensive expertise helping school districts choose the best devices for their needs. Our White Glove Service delivers devices that are ready to use right out of the box. Our end-to-end Chromebook solution delivers a wide range of value to school districts.

Why Choose ITSavvy As Your White Glove Service Partner?

ITSavvy's low cost White Glove Service delivers time saving value to School Districts. Our ChromeCare White Glove Service starts as soon as we receive the new Chromebooks. Our implementation and turnaround time is fast. Our process delivers value at every step in the process.

Our green packaging will cut down on unboxing time for the district and uses less than half of the original packaging. We include bulk packaging in our custom corrugated boxes (30-units) per box and most of our competitors charge an additional fee for this. The devices are ready to use right out of the box. ITSavvy is passionate about making the Chromebook deployment process faster and easier for school districts.

“ITSavvy's White Glove process has cut down our shipments packaging and has freed up valuable resources for our district throughout the school year. Our rollouts have never gone smoother.”

Jonathan Judy, Chief Technology and Information Officer
Tift County Schools, Georgia
